Dear Art:

What fun we had this morning! Your package arrived with the programs for the Philadelphia ANA convention in 1957 this morning and we really enjoyed reading it - recalling all the familiar names, past and present, and comparing the programs of 1957 with those of today. Ed walked in while we were looking at it and we reminisced even more. Thank you for providing such a bright spot in our day.

I have seen that these are added to the ANA archives. It was thoughtful of you to send these to us.

We hope that you will be able to attend the MANA convention in October to receive your 50 year gold medal. Even though I won't be in attendance, Vice President Steve Taylor will be there to do the honors for us. In going through the program you sent, we see that you and George Magee were on the convention committee that year and you will both receive your gold medal for ANA membership in October.

Take care and say "hello" to Polly for me.

Sincerely,

Ruthann Brettell
